Nowadays we find many people unemployed, not working up to their potentials. We find hard to find the right job at the right organisation. Not everyone are aware of the job opening in most of the companies, and we dont go attend all the interviews in each company.

We are here to solve that problem, from internships to professional level jobs can be found here.

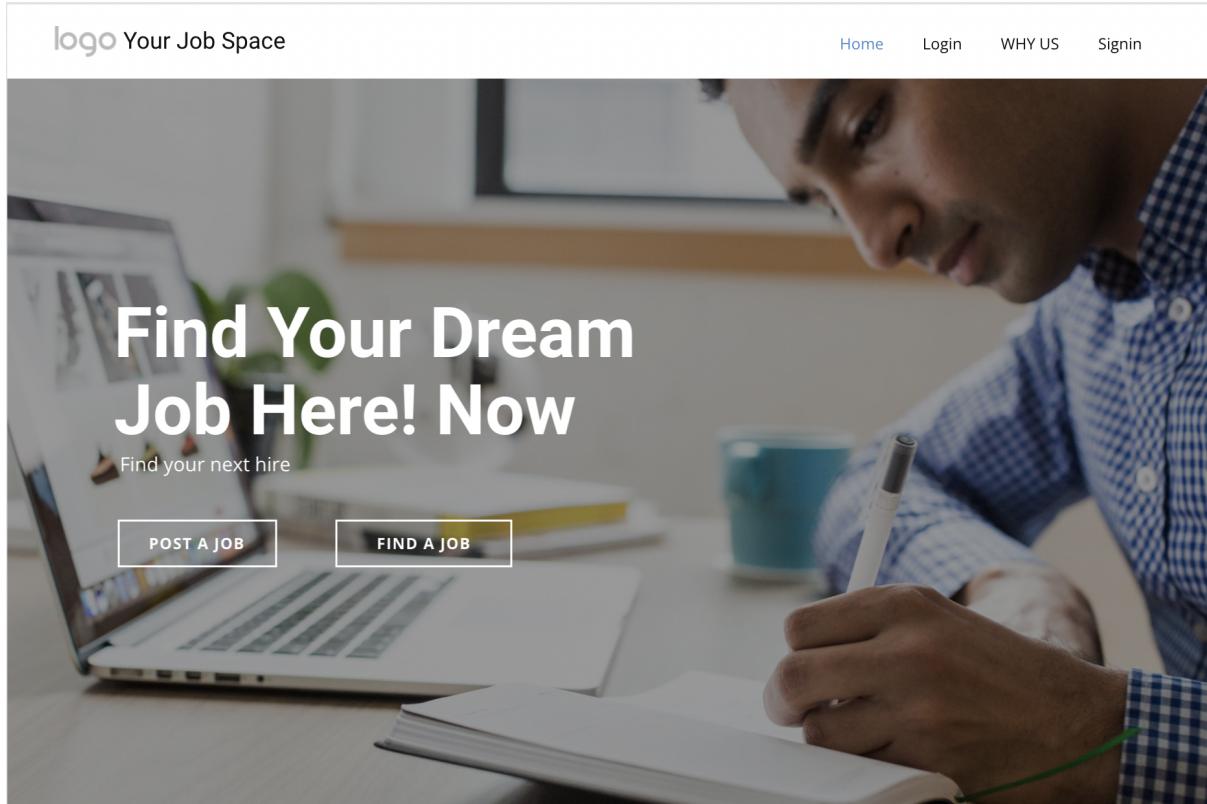

We help people search for the specific job at the desired place and apply to the job at ease.

This is how the web page works:

-My home page:

The screenshot shows the homepage of a job search platform. At the top, there is a navigation bar with the logo "Your Job Space" on the left and links for "Home", "Login", "WHY US", and "Signin" on the right. The main visual is a photograph of a man in a blue checkered shirt, looking down and writing in an open notebook with a white pen. In the background, a laptop is visible on a desk. Overlaid on the image is the text "Find Your Dream Job Here! Now" in large, bold, white letters, followed by "Find your next hire" in smaller text. Below this are two buttons: "POST A JOB" and "FIND A JOB".

Why us?

The bottom section of the page features four small, colorful illustrations arranged in a 2x2 grid. Each illustration depicts a person working on a laptop in a domestic environment: one person sits at a desk in a room with a potted plant, another sits on a blue sofa, a third sits on a blue couch, and a fourth sits on a blue sofa with a cat. The illustrations are set against a light gray background.
